

Tails – The Provider

OUR MISSION

We empower people to use security technology otherwise inaccessible to them.

OUR VALUES

Empowering

Tails puts people in control of their privacy and security.

Straight-talking

Tails is safe, but not magic: we do not promise all-round security.

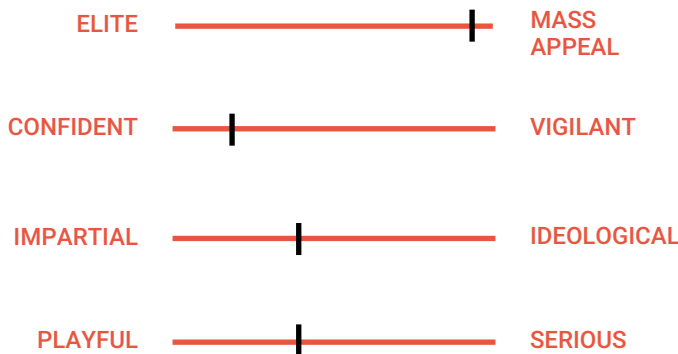

Ecosystemic

Tails is interoperable with other projects, and actively cooperates with them.

Accessible

Tails is committed to building usable tools and providing help where needed.

OUR PERSONALITY

OUR AUDIENCE

Privacy advocates and enthusiasts.

OUR STORY

We want Tails to be the “gateway drug” to more secure communications.
